Dear Hiring Manager,

I am writing to express my interest in any open position within your organization where my skills and experience may be a strong fit. I am a self-taught and competitive programmer with over 9 years of professional experience, driven by curiosity, continuous learning, and a strong work ethic. I am highly motivated, adaptable, and committed to understanding how systems work in order to deliver effective, scalable, and reliable solutions.

My primary field of expertise is Web Development, but I am fully open and eager to learn new technologies and platforms, including desktop and mobile development, as required by the role.

I also have hands-on experience in cloud and server administration, as well as cloud infrastructure.

Sincerely.

Rey Mark Engada
